FourFreedomsForum@gmail.com

Four Freedoms Forum is a flame of liberty providing light around the planet with a passion for human rights promotion and protection beginning with human rights education. Inspired by Franklin Delano Roosevelt's Four Freedom State of the Union address as well as the subsequent inclusion of human rights in the United Nations Charter and the creation of the Universal Declaration of Human Rights, Four Freedoms Forum concentrates on coordination of human rights education curriculum at the global civil society, country, city, and community level through public and popular education. Beyond education is the engagement of civil society to promote the creation of a World Court of Human Rights to prevent future harms to humanity.

Regarding United Kingdom, the rule of law is a significant pillar for sustained peace and prosperity.
