

ADVANCE QUESTIONS TO EL SALVADOR- ADD.2

ARGENTINA

Situación de la mujer

- La Argentina observa con beneplácito que El Salvador ha ratificado la Convención CEDAW, y que se han realizado algunos avances como la “Política Nacional de la Mujer”. No obstante esto, deseamos conocer qué medidas adoptará el Estado para disminuir la discriminación de género, y erradicar la violencia contra la mujer.

En función de los datos señalados por UNICEF en lo relativo al impacto del VIH/SIDA en las niñas y mujeres jóvenes embarazadas, Argentina desea preguntar si el Estado tiene planificado incorporar una perspectiva de género en materia de prevención y tratamiento del VIH/SIDA.

Ley de Amnistía

- La Argentina desea preguntar si el Estado salvadoreño contempla iniciar una reflexión interna respecto del mantenimiento o derogación de la “Ley de Amnistía General para la Consolidación de la Paz”, a fin de poder juzgar los presuntos crímenes de lesa humanidad cometidos durante el conflicto.
