

ADVANCE QUESTIONS TO NORWAY-Add.2

THE NETHERLANDS

- The Netherlands would like to raise its concern regarding the situation of detainees in relation to the fulfilment of international standards and obligation in this area. What measures is the government taking in order to deal with the capacity problems in this area?
- In the timeframe of 2006-2009 the action plan regarding human trafficking has been implemented with positive results. Is a follow-up plan foreseen?
- The Netherlands views the progress that has been made in the area of policy making with regard to the Saami population as very positive. Could the Government of Norway elaborate on the progress in the implementation of these policies?

HUNGARY

- Hungary appreciates Norway's efforts in the field of the promotion of human rights. Hungary deems it a positive step, that the Act prohibiting discrimination on the basis of disability, which came into force on 1th January 2009, established rules to facilitate participation of the affected people in social life and to avoid being victim of discrimination. We would welcome a more detailed elaboration, sharing of experience on the implementation of this Act including possible difficulties?
