GLOBAL INITIATIVES
FOR HUMAN RIGHTS
A HEARTLAND ALLIANCE PROGRAM

The Global Initiatives for Human Rights (GIHR) is a small, specialized unit within Heartland Alliance for Human Needs & Human Rights that seeks to protect and promote the human rights of all people – particularly those whose rights are most systematically and egregiously violated. In its work, GIHR has translated this mission to a range of programs that address violations that are motivated by one's sexual orientation, gender identity, and/or gender expression (SOGIE). In this work, GIHR partners with local lesbian, gay, bisexual, transgender, and intersex (LGBTI) civil society organizations (CSOs) and human rights defenders (HRDs) to advocate for LGBTI persons' human rights across several regions in the world. GIHR's work focuses on strengthening skills of its partners to plan, fund, and manage human rights programs, and on channeling resources to these partners to use their improved skills in a range of human rights advocacy initiatives that these partners have developed in partnership with GIHR at local, regional, and international levels.
