144.2 Canada also commits to enhancing our federal-provincial-territorial collaboration on human rights implementation through the creation of a senior intergovernmental mechanism;

144.3 Canada also commits to holding future federal-provincial-territorial human rights ministerial meetings.

145. In addition, the Government of Canada is pleased to make the following voluntary commitments:

145.1 To conduct human rights analyses to support the implementation of our international human rights obligations;

145.2 To improve the promotion and public awareness of international human rights in Canada;

145.3 To initiate a transparent process for ongoing consideration by federal, provincial and territorial governments of adherence to human rights treaties that Canada is not yet a party to;

145.4 To continue to take legislative and other steps to progressively realize the right to adequate housing as part of an adequate standard of living for its citizens;

145.5 To end, by March 2021, all long-term drinking water advisories affecting public systems on reserve;
