

UPR Info invites you to the:

Launch of a

Database of UPR Recommendations

Thursday 18 March
1pm – 2pm, Room XXVII

UPR Info is launching the first database of UPR recommendations. This unique feature will allow any stakeholder to access and search recommendations through eight different categories: State under Review, recommending State, regional groups and organisations, the response, the session, thematic issues and an exclusive category looking into the type of action contained in each recommendation.

Join us for a presentation on how to use the database and detailed explanations about the action category.

Presentation given by Roland Chauville, Director, UPR Info.

Sandwiches and drinks will be served

Organised by Geneva for Human Rights
